November 2009

Dear Supporter of Melbourne University Cricket Club

In our 153rd year of cricket we are faced with change and challenge at our great cricket club.

On the playing side, we are a young group that will grow in stature. This is in keeping with the MUCC tradition. In 2007/08, we were the Premier Cricket Club Champion, testimony to the effort and enthusiasm of the players. The 2008/09 season was a little disappointing. This season we have started in a competitive spirit with good results.

Our two greatest needs continue to be:

1. "Off the field" support on match days to assist MUCC and the cricket teams grow in effectiveness; and
2. Financial support for cricket. The need for this is a consequence of the loss of significant yearly revenue due to the abolition of compulsory university amenities fees. MUCC is actively looking for assistance to keep our cricket in a strong position.

Our cricket schedule can be found at <http://www.melbourneuni.cc> (right hand side of home page is the Fixtures link). The University Oval is in excellent condition and continues as a great cricket venue. MUCC fields six cricket teams (five men's and one women's) in Cricket Victoria competitions.

Please do not hesitate to contact me about cricket at MUCC – new players are always welcome in addition to financial and in-kind support.

Yours in cricket

Kevan Carroll
President MUCC
